SEAQUAL INITIATIVE Cleaning the Ocean

SEAQUAL INITIATIVE works with collaborators and authorities to help clean our oceans. Marine litter from our beaches, ocean floor and surface, rivers and estuaries, is collected by clean-up programs. It is then sorted into different material types and the plastic portion is cleaned and transformed into Upcycled Marine Plastic, a fully traceable raw material used to create inspiring sustainable products. By choosing products containing Upcycled Marine Plastic, you are helping to clean our oceans.
